

Volume Trainer™ from Group Learner

Volume Trainer™ from Group Learner™ is a very simple training solution that will allow you to train and assess large volumes of employees with ease and with zero paperwork.

Volume Trainer™ allows you to train and assess large groups of trainees, all at the one time resulting in reduced costs and reduced production downtime. The record so far is 820 people in one day!

Volume Trainer™ is really simple to use - your group is presented with a Volume Trainer™ training course via a single data projector and screen (Food Safety, Health and Safety etc, many of which are accredited by City and Guilds). Each trainee then uses their own unique keypad to answer the assessment questions which are integrated into the course. Each answer from each trainee is saved which creates an assessment record so you can generate certificates at the click of a button.

Once you have trained and assessed your employees using Volume Trainer™ all the resulting trainee assessment data is available for reporting via your hosted online management system, which is fully secure and specific to your

Volume Trainer™ can be fully integrated with the other Nvolve modules to create a complete Compliance Training Platform.

Save Money

Volume Trainer™ can reduce your compliance training costs by over 50%.

Reduce Overheads

Volume Trainer™ is faster, more efficient and less expensive than any other method.

Reduce Production Downtime

Courses can be completed faster and more efficiently, meaning fewer downtimes.

Prove Compliance

Report on your entire workforce at the click of a button.

Paperless

Train and assess 100's of trainees per day, with zero paperwork!
